

International Conference on Frontiers of Chemicals and Materials Engineering 2026 (ICoFCHeM2026)

Wednesday, 2 September 2026 - Thursday, 3 September 2026

Penang Waterfront Convention Centre (PWCC)

Conference Tracks

Materials Engineering

Ceramics and electroceramics, Materials for Electronics and Electrical Industry, Computational Modelling, Materials, Materials in Environmental Engineering & Construction, Advanced Materials, Advanced Materials Processing Technology, Polymers and Composites Manufacturing

Metallurgical & Minerals Engineering

Steel and alloys, Surface and Coating, Minerals and Mineral Processing

Chemical Engineering

Food / Pharmaceutical Engineering & Manufacturing, Biotechnology / Bioprocess, Fluid Flow & Thermodynamics, Bioenergy / Green Technology & Renewable Energy, Process Control, Instrumentation & Optimization, Reaction & Catalysis Engineering
