

The 6th International Conference on Biomass Utilization and Sustainable Energy (ICoBiomassSE 2026)

*"Harnessing Biomass for a Sustainable Circular
Economy: Innovations in Energy Transition"*

Wednesday, 2 September 2026 - Thursday, 3 September 2026

Penang Waterfront Convention Centre (PWCC)

Conference Tracks

Sustainable biomass resources for decarbonizing the economy

Biomass technologies and conversion for bioenergy and biofuels

Bioenergy integration

Artificial intelligence in biomass and renewable energy

Biomass technologies conversion to intermediates and products

Bioeconomy sustainability, impacts and policies

Bio-separation technologies in biomass conversion

Techno-economic in biomass energy
