

5th International Symposium on Intelligent Manufacturing and Mechatronics (SIMM 2023)

Wednesday, 12 July 2023 - Wednesday, 12 July 2023

Faculty of Mechanical Engineering & Technology

Research Track

2023 Theme Towards Empowering Technological Transformation

The theme was chosen

Intelligent Manufacturing

Machining Technology

Mechanical and Design

Instrumentation and Control System

Simulation and Modelling

Industrial Engineering

Materials and Processing

Mechatronic and Robotics
