

International Conference on Nanotechnology and Materials Research 2023 (ICONMAR23)

Monday, 9 October 2023 - Tuesday, 10 October 2023

Royale Chulan Penang

Conference Topics

International Conference on Nanotechnology and Materials Research (ICONMAR) are the premier forum for the presentation of new advances and research results in the fields of Nano Materials. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Characterization

Materials Theory

Biomaterials

Mechanical Behavior of Materials

Materials Synthesis

Mechanical Properties and Nanomechanics

Computational Materials Science

MEMS and NEMS

Electronic Materials

Microelectronic Fabrication

Electronic, Optical, and Magnetic Properties

Nanotechnology

Materials Culture

Optical and Photonic Materials

**Materials for Energy and Environmental
Applications**

Optoelectronics

Materials Processing

Organic Polymer Materials
