

2024 IEEE 1st International Conference on Communication Engineering and Emerging Technologies (ICoCET)

Monday, 2 September 2024 - Tuesday, 3 September 2024

Bertam Resort Penang, Kepala Batas, Penang

Conference Tracks

Track 1: Antenna and Propagation

Track 2: Wireless Communications

Track 3: Microwave Application

Track 4: Photonic and Optical Communications

Track 5: AI for Microwave Engineering Applications

Track 6: Electrical System Integration in Communication Engineering

Track 7: Biomedical Engineering in RF Applications

- Antennas for Medical Imaging
- Biomedical Sensing
- Biomedical Signal Processing
- EMI in Medical Devices

Track 8: Other Emerging Topics

- Reconfigurable Intelligent Metasurface
- Cybersecurity in Communication Systems
- Advanced Materials for RF Applications
- 5G, 6G and beyond
- Satellite Communication Systems
- Wireless Charging and Power Transfer
